Your SIELE materials

You have **5 books, 8 audio tracks** and your own exam books. This page tells you what each one is, when to use it and how. **Lost?** Open Book 1 → *El SIELE* → **Your 7-day plan**. It tells you what to do every day.

📚 The 5 books

Book	What's inside	When	How to use it
1 · Guide (42 p.)	What to **know and remember**. Every test starts with a **one-page summary**, then one card per task. The 7-day plan, the memory tricks and the flashcards.	**Every day**, 15–20 min. **The night before:** only the 4 one-page summaries.	Read the "on one page" first, then the task cards. Cut out the flashcards and fold them.
2 · Practice (24 p.)	**Exercises with answers**: reading T1–T3, the **Tareas 4–5 rescue kit**, listening exercises 1–5 with transcripts, speaking prompts.	Every day, following the plan.	Timer on, no dictionary. Then check the key and **name the trap** behind each mistake.
3 · Writing workbook (41 p.)	**6 days × one full writing exam** (Tarea 1 + Tarea 2). The help fades: Days 1–2 full guide, 3–4 half, 5–6 exam mode. B1 model answers at the end.	**Thu → Tue**, one day each, 50 min.	Write on paper or on a computer, count your words, tick the checklist, then compare with the model.
4 · Speaking book	**T1** 8 series · **T2** 5 photo pairs · **T3** 6 sets · **T4–T5** 4 sets, each with a **"How to answer"** model.	Every day, 20–30 min.	**Record yourself** with your phone → read the model → record again.
5 · Word & verb bank	**Link words** that raise your marks, a **phrase bank for every writing and speaking task**, grammar helpers (tenses, subjunctive, *gustar*, prepositions) and **37 verbs fully conjugated**, with the irregular forms in red.	**Open it while you write and speak.** 10 min a day of verbs.	Before writing: pick 3 connectors and 2 phrases from the task's bank. Learn the red forms of 5 verbs a day.
